WELCOME!

Since 1907, the Edmonds Chamber of Commerce has sought to strengthen this community by connecting businesses, government, education and residents to vital information and to each other. Known regionally for our annual, signature community events - An Edmonds Kind of 4th, Taste Edmonds, the Edmonds Classic Car Show, Halloween Trick-or-Treat Night, and the Tree Lighting Ceremony - as well as our well-attended networking events for business professionals, the Chamber also works tirelessly behind the scenes on projects and initiatives that promote the economic vitality of Edmonds. We strive to be a force for connection and progress in Edmonds. This work is made possible only through the support of our incredible members. The businesses listed in this directory have demonstrated their commitment to this community and we encourage you to review this list and support local first.

Whether by being a Chamber member, volunteer, event attendee, or friendly visitor, we thank you for your part in making Edmonds a great place to live, work, and play!

PLATINUM MEMBER
Accountants with personality? Who would think? We work hard, but believe in the power of play. Our process is professional and pragmatic, but we approach every client relationship with a relatable, down-to-earth frame of mind. We are passionate about using our knowledge and experience to help you reach your goals, but we aren't all pocket protectors and spreadsheets. While we are devoted to helping you with your tax and accounting needs, we like to have fun and take time out of our busy days to share a bit of laughter around the office.

PLATINUM MEMBER

The Trike Stop is a family owned and operated small business providing local families with personal, safe, quality care since 2004. We strive each day to make sure each and every child has the best day possible while they play, learn and grow. We have found success through offering a home like feel, lower than required staff to child ratios in every classroom and staffing each room with loving and educated teachers. We have one conveniently located childcare center offering care to infants, toddlers & preschoolers ages 6 weeks – 6 years old.

The 2023 Forbes “Top Women Wealth Advisors” and “Top Women Wealth Advisors Best-in-State” award was announced February 2023. Data as of 9/30/2022. The award was developed by SHOOK Research and is based on in-person and telephone due diligence meetings to evaluate each advisor qualitatively, a major component of a ranking algorithm that includes: client retention, industry experience, review of compliance records, firm nominations; and quantitative criteria, including: assets under management and revenue generated for their firms. Investment performance is not a criterion because client objectives and risk tolerances vary, and advisors rarely have audited performance reports. Rankings are based on the opinions of SHOOK Research, LLC and not indicative of future performance or representative of any one client’s experience. The financial advisor does not pay a fee to be considered for or to receive this award. This award does not evaluate the quality of services provided to clients. This is not indicative of this financial advisor’s future performance. For more information: www.SHOOKresearch.com.

The 2023 AdvisorHub “Advisors to Watch” award was announced June 2023. Data as of 12/31/2021 and 12/31/2022 was provided and considered for this award. The ranking recognizes advisors across the country for their quality of practice, professionalism, character and community involvement. Criteria considered included: assets under management, production/revenue, team size and more. The financial advisor does not pay a fee to be considered for or to receive this award. This award does not evaluate the quality of services provided to clients. This is not indicative of this financial advisor’s future performance.

Program funding is made possible by individuals and businesses in our community who have made generous donations to the Edmonds Chamber Foundation.

Even a small disaster can potentially ruin a business' chances of success. The Edmonds Chamber Foundation has created a WISH Fund to help businesses get back on their feet faster after a catastrophe. This program is intended to assist in disaster recovery when an incident is not covered by insurance or a business is under-insured.
