Below the logo is a navigation bar with the text "Hi Erica! You're currently viewing Seymour Seagull's profile" and a "Switch Profile" button. The table contains one entry for "Example Organization" with the role of "Employee".

**Note:** This is one important difference between our old and new system. In the previous system, a member organization had one profile with one or more “reps” listed. In the new system, every individual has their own profile. Individuals’ profiles are linked to the respective organization. Designated individuals will have Editor access to the organization’s profile.

Chamber staff can assist with managing these relationships; just reach out if you have questions.

## Switching Profiles

- If you are the main contact or an Editor of related organization profiles, you will be able to easily switch the profile you are editing at any time.
- Make sure to save any edits before you switch to another profile!

**Note:** This is a change from our old system. If you were expecting to have access to edit your organization's profile but are not seeing it, reach out to Chamber staff for assistance.
